Congratulations

TO THE 2023 LEADERSHIP AWARD RECIPIENTS

Congratulations to this year's recipients of the College's most prestigious awards. These recipients will be recognized during ACEP23, with video tributes and signage throughout the event.

PAUL D. KIVELA, MD, MBA, FACEP

JOHN G. WIEGENSTEIN LEADERSHIP AWARD

Paul Kivela, MD, MBA, FACEP, is emergency medicine residency trained and board certified by the American Board of Emergency Medicine. He has a career highlighted by service to the specialty. He served as President of the American College of Emergency Physicians from 2017-18. As President, he worked to demonstrate value to the members with every objective and initiative the College pursued. He created leadership development initiatives including the Reimbursement Leadership Development Program.

Dr. Kivela is currently a Clinical Professor of Emergency Medicine at University of Alabama at Birmingham. Dr. Kivela still practices clinically at UAB. Prior to this, he practiced full-time clinically as the managing partner of a single hospital democratic group in Napa, California from 1999 through 2019.

Dr. Kivela continues to be actively involved in organized medicine, shepherding healthcare policy, mental health issues, leadership development and error reduction. He lectures both nationally and internationally. He also has worked to improve survivability in cardiac arrest and mass casualty events by involving the public in the Until Help Arrives program which teaches Stop The Bleed and Hands Only CPR. He has served as chief medical officer for Medic Ambulance and helped oversee an innovative ALS-RN transport program and one of the California Community Paramedicine Pilot Projects to reduce hospital readmissions.

Dr. Kivela's vast interests include family life, competitive sports, world travel, and winemaking. He is an accomplished runner and now combines his love of running and golf through the sport of Speedgolf. He was the Senior US National Speedgolf Champion in 2021. For the past twenty years, he also served as a physician for the National Ski Patrol. He is a devoted husband and father, travels extensively with his family, and enjoys the fruits of his labor with his own wine, grown from Kivela Vineyards.

ANDY S. JAGODA, MD, FACEP

JAMES D. MILLS OUTSTANDING CONTRIBUTION TO EMERGENCY MEDICINE AWARD

Andy Jagoda, MD, FACEP, is Professor and Chair Emeritus of Emergency Medicine (EM) at the Icahn School of Medicine at Mount Sinai. He trained at Georgetown University and completed his emergency medicine residency in 1987. He spent 13 years in the Navy serving in Desert Shield/Desert Storm for which he received a Navy Commendation Medal for "meritorious service". He came to Mount Sinai in 1995 and has been instrumental in building the department into one of the leading programs in the country.

Dr. Jagoda is internationally recognized for his involvement in EM education, and for his work in the area of neurologic emergencies and practice guideline development. Dr. Jagoda has been involved in the development of emergency medicine in Italy and Holland. He served on the ACEP Clinical Policies Committee from 1994-2007 and Chaired the Committee from 2003-2007. He has co-edited or authored 20 books including Rosen's Textbook; has authored 84 peer reviewed publications and 62 book chapters. He is the Editor-in-chief of a NLM indexed monthly publication, Emergency Medicine Practice.

Dr. Jagoda is a member of the Executive Committee of the Brain Attack Coalition at the NINDS and on the advisory board of the Brain Trauma Foundation (BTF). He Chaired the Credentialing Committee for the NFL's Airway Management Physician Program and helped establish the NFL's Visiting Team Medical Liaison program.

Dr. Jagoda was inducted as a "Master Educator" into the Mount Sinai Institute for Medical Education in 2009; in 2011 he was presented with the NY ACEP "Physician of the Year Award"; in 2015 he received a Mount Sinai Alumni Jacobi Medallion; in 2017 he received the "Distinguished Service Award" from AACEM; and in 2018 he received the "Philanthropy Award" from SAEMF. In 2021, Dr. Jagoda received the Mount Sinai Alumni "Lifetime Achievement Award"; in 2022 he received the NY ACEP Leadership Award; and in 2023 he received the SAEM John Marx Leadership Award, and the Dr. Arthur Aufses, Jr. Career Achievement Award in Medical Education from the Mount Sinai Institute for Medical Education.

J. MARK MEREDITH, MD, FACEP

JOHN A. RUPKE LEGACY AWARD

J. Mark Meredith, MD, FACEP, CPE, FACPE, attended medical school at Bowman Grey School of Medicine 1974-1978, and completed his residency in emergency medicine at North Carolina Baptist Hospital (now Atrium Health Wake Forest Baptist) 1978-1981. Dr. Meredith practiced at Memorial Hospital of Burlington County in Mount Holly, NJ, 1981-1992 as a staff physician and assistant chairman. He practiced at Community Medical Center in Toms River, NJ as the chair of emergency medicine from 1992 – 2013. He then transitioned to urgent care until semi-retirement in September of 2021.

Dr. Meredith has been an ACEP member since 1979, has represented NJ on the ACEP Council since 1989, and been a member of the Reference Steering Committee since 1993. He was a member of the Chapter Advisory Panel 1988-1994 (chair 1992-1994), Wellness Committee 1994-2003 (co-chair 1997-1998, chair 1998-1999), Coding and Nomenclature Committee since 2004 (chair 2008-2011), Reimbursement Committee 2005-present, Section Grant Review Committee 2008-2015, and ACEP advisor to the AMA CPT Advisory Panel 2012-present. Dr. Meredith has served on various NJ ACEP committees over the years including Membership, Long-Range Planning, Education, Reimbursement, Government Affairs, Practice Management, and Communications. He was ABEM-certified in 1982 and was a member of the ABEM Board of Directors from 2004-2012.

Dr. Meredith was an active member of county and state medical societies. He served in all officer positions in the county medical society (president 1992-1993). He served as medical director for Burlington County First Aid Academy, Medical Director of MICU Memorial Hospital of Burlington County 1984-1992, as a member of the New Jersey State Advisory Council for Basic and Intermediate Life Support 1994-1998, Civil Surgeon 2018-2021, Chair of Emergency Department Community Medical Center 1992-2006, and CMO, CMIO for Urgent Care Now 2014-2020.

Dr. Meredith is the husband of Amy Meredith; father of Kimberly, Jacob, Matthew, and Joshua; and grandfather to Joe, Alex, Jacob, Bridget, and Chelsea.

AMISH M. SHAH, MD, FACEP

PAMELA P. BENSEN TRAILBLAZER AWARD

For years, Dr. Amish Shah traveled all over Arizona working in various hospitals facing staffing shortages as an emergency room physician. It was during his time crisscrossing the state that Dr. Shah fell in love with Arizona and the people he served. Dr. Shah saw the consequences of a broken health care system and the state's crumbling infrastructure up close. After years of doing his best to serve patients with inadequate resources and limited access to care, Dr. Shah discovered a renewed sense of purpose while on a trip to India. He visited the home of Mahatma Gandhi and left feeling deeply inspired by his words: The best way to find yourself is to lose yourself in the service of others.

Dr. Shah decided to turn lessons from treating patients in the emergency department into broader public service. In 2019, he became Arizona's first Indian-American elected to the Arizona House of Representatives, and has been representing his community at the legislature ever since. Despite a demanding schedule treating patients in the emergency department and serving as a legislator, he has never strayed from his dedication to connect with the voters he represents.

Dr. Shah has made a name for himself with his unique brand of door-to-door campaigning, having visited over 15,000 households. He maintains these relationships through regular communication. It is through doing this work engaging the community that Dr. Shah has found many of his legislative priorities. Dr. Shah has had more bills signed into law than any other member of his party in over a decade. In doing so, Dr. Shah has built strong relationships with his colleagues, reaching across the aisle wherever he can to find common ground that will help better the lives of all constituents, regardless of party or background.

STUART P. SWADRON, MD, FACEP

JUDITH E. TINTINALLI AWARD FOR OUTSTANDING CONTRIBUTION IN EDUCATION

Stuart P. Swadron, MD, FACEP, was born and raised in Canada and is a graduate of the University of Toronto, Faculty of Medicine. He began his medical career as a general practitioner in beautiful British Columbia. The challenging cases that he encountered working in remote and underserved communities eventually led him to pursue specialty training in emergency medicine and emigrate to the United States. At the Los Angeles County/University of Southern California Medical Center, he served as Chief Resident and subsequently as its first fellow in emergency medicine education. He has remained at USC ever since, serving in various roles, including residency Program Director and Vice-Chair for Education in the Department of Emergency Medicine, and as an Assistant Dean at the Keck School of Medicine.

Throughout his career, Dr. Swadron has been thoroughly immersed in the world of emergency medicine education. He has been involved with research and curriculum development for learners at all levels, from the most junior undergraduate students to the most seasoned practitioners. He has lectured and taught across the United States and throughout the world, and his voice is a familiar one on popular emergency medicine podcasts.

Dr. Swadron currently serves as an Editor-in-Chief of CorePendium, an on-line reference for emergency and acute care medicine and is an Adjunct Clinical Professor of Emergency Medicine and Medical Education at the Keck School of Medicine.

LEWIS S. NELSON, MD, MBA, FACEP

AWARD FOR OUTSTANDING CONTRIBUTION IN RESEARCH

Lewis S. Nelson, MD, MBA, FACEP, is Professor and Chair of the Department of Emergency Medicine and Chief of the Division of Medical Toxicology at Rutgers New Jersey Medical School, in Newark, NJ. He is board certified in emergency medicine, medical toxicology, and addiction medicine.

Dr. Nelson serves as a long-standing consultant to CDC, DHS, and FDA. He is a former director of the American Board of Emergency Medicine, past president of the American College of Medical Toxicology, and currently the president of the Association of Academic Chairs in Emergency Medicine.

His research and scholarship primarily address the medical and social consequences of substance use, non-opioid pain relief strategies, opioid overdose and management, alcohol withdrawal management, and health policy focused on issues related to medication safety and substance use.

J. BRENT MYERS, MD, FACEP

AWARD FOR OUTSTANDING CONTRIBUTING IN EMS

Dr. Brent Myers began his EMS career during high school as an emergency department technician in his hometown of Wilkesboro, NC. The department charge nurse, Geraldine, had a huge influence on Brent's career, reminding him of the rewards that come from helping others: "If you stick with this for a month, you will want to work in this field the rest of your life."

Brent went on to complete an EMT course and volunteered with Orange County Rescue Squad – the 9-1-1 EMS provider in Hillsborough, NC – while completing his undergraduate degree in English at UNC-Chapel Hill. After medical school at Wake Forest and an emergency medicine residency at Carolinas Medical Center, he had the honor to serve as the first EMS fellow at UNC, under the great mentorship of Jane Brice.

For the next 12 years, Brent had the privilege of leading the Wake County EMS system in clinical and administrative roles. He then served as Chief Medical Officer for Evolution Health and Associate Chief Medical Officer for American Medical Response (AMR).

He currently serves as the Chief Medical Officer for ESO, working to innovate and integrate dispatch, fire, EMS, and hospital data in order to improve community health and safety. Brent is the past President of the National Association of EMS Physicians (NAEMSP) and the North Carolina College of Emergency Physicians. He has authored more than 30 peer-reviewed publications, serves as co-editor of the NAEMSP textbook, advocated at the national level for EMS issues (including the Protecting Patient Access to Emergency Medications Act), presented globally from Moscow to Dubai to Seoul, and continues to serve as an Associate Medical Director for the Wake County EMS System.

JESSE PINES, MD, MBA, FACEP

COLIN C. RORRIE, JR., PHD AWARD FOR EXCELLENCE IN HEALTH POLICY

Jesse M. Pines, MD, MBA, MSCE, is the Chief of Clinical Innovation at US Acute Care Solutions. In this role, Dr. Pines leads efforts in alternative payment models, telemedicine, research, and other innovative programs. He serves as an elected member of the USACS National Clinical Governance Board. He also serves as Director of the USACS Fellowship in Clinical Innovation. Dr. Pines is a Professor of Emergency Medicine at Drexel University and a Clinical Professor of Emergency Medicine at George Washington University (GW). Prior to joining USACS, Dr. Pines held several University leadership and teaching roles at GW and Penn, including serving as the Director of the Center for Healthcare Innovation & Policy Research (CHIPR) at GW and Director of GW's Center for Health Care Quality (CHCQ). He was also the principal investigator for Urgent Matters, a program that disseminates information on best practices in emergency care.

Dr. Pines earned a bachelor's in the biological basis of behavior, a master's degree in clinical epidemiology from the University of Pennsylvania, and a medical degree and MBA from Georgetown University. He completed a residency in emergency medicine at the University of Virginia Health Sciences Center and a fellowship in research at the University of Pennsylvania. He has also completed the Master Teacher Leadership Development Certificate Program at GW School of Education & Human Development.

Dr. Pines is author of more than 350 peer-reviewed publications and has seven published books. His most recent book was published by Wiley in March 2023 and is titled "Evidence-Based Emergency Care: Diagnostic Testing and Clinical Decision Rules, 3rd edition, Eds Jesse Pines, Fernanda Bellolio, Christopher Carpenter, and Ali Raja". He has contributed to TIME magazine, Slate.com, Emergency Physicians' Monthly, Foreign Policy Magazine, MedPage Today, ACEP Now and the Wall Street Journal.

GARY R. KATZ, MD, MBA, FACEP

COUNCIL MERITORIOUS SERVICE AWARD

Gary Katz, MD, MBA, FACEP, an emergency physician now based in Ohio, grew up in Los Angeles, California. He was inspired by his father, Dr. Roger M. Katz, an allergist, and his mother, Barbara M. Katz, MFT, who instilled in him the values of compassion and patient care. During high school, Gary's commitment to emergency medicine blossomed through ride-alongs with the LA County Fire Department, igniting a lifelong dedication to emergency response. As a member of the Washington University Emergency Support Team (WUEST) during college, he discovered the profound impact of direct patient care, graduating in 1991 with a BA in Psychology. Shortly after, he also earned his pilot license.

Though enjoying life, Gary found his true calling in patient care, prompting him to pursue a medical degree. Graduating in 1998 from Medical College of Ohio, Toledo, his passion for organized medicine led him to engage with state and national medical societies, including the AMA, where he served as the student appointee to the Liaison Committee on Medical Education.

Residency at Summa Health System 1998-2001 honed his expertise as an emergency physician. Mentored by Dr. Mike Beeson and Dr. Brian Keaton, he concurrently served on the EMRA board as the RRC liaison. Gary was recognized with the ACEP Council Horizon award and Ohio ACEP's Bill Hall award. Gary took the reins of Council Speaker just ahead of the COVID-19 pandemic. Using the constraints of the time to innovate, Gary developed new procedures and processes, ensuring efficient deliberations both remotely and in person. These Council changes allowed for continuity in business despite the austerity of the time.

Gary is also commissioned as a Lieutenant Colonel in the Ohio Air National Guard. Gary serves as a flight surgeon and emergency room physician on a ground surgical team, combining his love for emergency medicine and flying. Gary credits his success to his beloved wife, Teresa Katz, and their children, Benjamin, Samantha, Shauna, Rebekah, and Charles, whose encouragement and presence have enriched his life beyond measure.

SHARI AUGUSTIN

DIANE K. BOLLMAN CHAPTER ADVOCATE AWARD

Shari Augustin served as the Executive Director of the Minnesota ACEP for 42 years. She began her career with the MN Chapter in 1981. At the time, she was also the Emergency Medicine Residency Program Manager at Hennepin County Medical Center when Dr. Ernest Ruiz and Dr. Joseph Clinton asked if she would be interested in helping grow the chapter in the role as executive director....and the story began.

Under her leadership, MNACEP grew to over 700 members. She led several successful CME conferences as well as legislative advocacy efforts, working with registered lobbyists and overseeing the chapter's political action committee, establishing MNACEP as a flourishing chapter. She feels fortunate to have worked with amazing, talented physicians over the years.

Shari grew up in the small rural town of St. James, MN with three sisters, one of them her identical twin. Their father worked as the postmaster and their mother was a teacher. She played drums in the high school band, sang in choir, and participated in gymnastics. After graduation, she attended the Minnesota School of Business where she received a degree in Small Business Management. She married her high school sweetheart, Dave, who is also an identical twin. They have two children, a daughter Jada who owns a successful business with her husband, and a son, Ian, who is an anesthesiologist with the Mayo Clinic.

She has 4 beautiful grandchildren who are the joys of her life. Shari is an avid golfer and pickleball player. She also enjoys vacationing in northern MN with family and traveling. She spends winters in Estero, FL where they have a home, but her heart will always be on the lakes, and beautiful farm country of MN with family.

Shari is currently the Administrative Officer of the Minnesota 1 Disaster Medical Assistance Team, part of the National Disaster Medical System under HHS, a position she has held for 20 years. She has been on many deployments to federal disasters as well as covering federal events.

CAMERON J. GETTEL, MD, MHS

POLICY PIONEER AWARD

Cameron Gettel, MD, MHS, is an Assistant Professor in the Department of Emergency Medicine, a Clinical Investigator at the Yale Center for Outcomes Research and Evaluation (CORE). As an early career physician-scientist, Dr. Gettel has made several contributions to ACEP's health policy and advocacy initiatives. His policy-related work has included leadership of ACEP's MIPS Value Pathway (MVP) Task Force, which culminated in the development of one of just seven specialty MVPs accepted for implementation in 2023.

Dr. Gettel has also conducted research characterizing and assessing quality measurement/payment models, access to emergency care, and workforce attrition. Dr. Gettel's other research interests and efforts include advancing the understanding of emergency department care transitions in the growing geriatric population through the identification and development of patient- and caregiver-reported outcome measures and then designing and implementing innovative care transition strategies and interventions to improve clinical outcomes. His work is funded by the NIH/NIA GEMSSTAR R03 mechanism, the NIA IMPACT Collaboratory, the Alzheimer's Association, the Emergency Medicine Foundation, the Geriatric Emergency care Applied Research (GEAR) Networks, among others. At CORE, Dr. Gettel leads work funded by the Centers for Medicare and Medicaid Services (CMS) to develop the next generation of performance measures across multiple care settings.

Dr. Gettel earned his undergraduate degree in Biochemistry from Elizabethtown College and his Doctor of Medicine from the Pennsylvania State University College of Medicine. Most recently, he completed Emergency Medicine residency at Brown University, where he served as chief resident, and the National Clinician Scholars Program at Yale University.

HARRY MONROE

HONORARY MEMBERSHIP AWARD

In 2022, Harry J. Monroe, Jr, left his position in state government relations at the American College of Emergency Physicians, having worked in that capacity for eight years and a total of more than 20 years in regulatory affairs and government relations in the health care industry. Prior to coming to ACEP, he worked for Concentra Inc. and Healthesystems. Over the course of his career he made significant contributions to legislative and regulatory initiatives impacting physician billing and reimbursement. He also participated in work groups and task forces addressing the opioid epidemic and various issues related to the delivery of medical care in the workers' compensation sector.

Harry holds a B.A. in History and in Speech Communications from Western Kentucky University, an M.Div. from Mid-America Baptist Theological Seminary, and a paralegal certificate from an ABA accredited institution. He has also been active in Toastmaster's clubs and is a past club president and contest winner.

In his spare time, Harry reads voraciously and is a self-described baseball fanatic, having attended games at 28 Major League stadiums. Harry is also an ordained Presbyterian minister. Since entering "semi-retirement," he has served as the organizing pastor of a small congregation being started in College Station, Texas.

Results from our respiratory solutions provide clarity, enabling clinicians to know earlier, intervene sooner, and improve patient outcomes.

**BIOFIRE®
RESPIRATORY 2.1 PANEL**
1 Test. 22 Targets. ~45 Minutes.

Sample Type: Nasopharyngeal swab

Identifies 22 of the most common respiratory viruses and bacteria.

**BIOFIRE® FILMARRAY®
PNEUMONIA PANEL**
1 Test. 33 Targets. ~1 Hour.

Sample Type: BAL-like (including mini-BAL)
Sputum-like (including ETA)

Identifies 26 of the most common respiratory viruses and bacteria, and 7 antimicrobial resistance genes.

VIDAS® B-R-A-H-M-S PCT™
1 Test. ~20 Minutes.

Sample Type: Serum or plasma

Measures procalcitonin (PCT), a specific marker of severe bacterial infection in patients with lower respiratory tract infections.

Product availability varies by country. Consult your bioMérieux representative.
