New Emergency Room Cost Sharing Structure for New Hampshire Plans

To help reduce emergency room (ER) overuse for the treatment of injuries and illnesses that aren't severe or life-threatening, Harvard Pilgrim is introducing a new member cost sharing structure for ER visits for our New Hampshire (NH) commercial plan members.

Currently, NH members pay the deductible and copayment for any ER visit. While that still applies for emergent conditions, starting on Jan. 1, 2019, NH plan members treated at an ER for non-emergent conditions are responsible for the deductible and 50% coinsurance after the deductible has been met. This change will apply for most, but not all, NH employer groups; members of commercial NH plans who are affected by this change will receive new ID cards with the updated cost sharing information.

Harvard Pilgrim will not deny ER claims due to this benefit change.

The new ER cost sharing structure applies for non-emergent diagnoses billed in the primary position and is relevant for diagnoses in approximately 25 categories, with the most common examples being:

- respiratory infections
- sprains and strains
- superficial injury; contusion
- ear conditions
- physical exam

Please refer to the [complete list of diagnosis codes](#) for which the higher ER copay would apply for additional information. ◆

Updates on Medical Drugs Obtained through Specialty Pharmacy

As you may know, Harvard Pilgrim Health Care makes select medical drugs available through both the buy and bill process and specialty pharmacy to allow members and providers greater choice and convenience. We will be making a few changes next year to ensure that member cost share is applied uniformly, no matter which method is used to obtain and bill for medical drugs.

After a review, we determined that, depending on which billing method was used, some commercial members were being charged an appropriate cost share for their medical drugs according to the terms of their policy and others were not. As of July 1, 2019, any commercial member receiving one of [these drugs](#) will be responsible for appropriate cost-sharing.

NH Plans: Applicable Diagnosis Codes for ER Cost Sharing

Starting in January 2019, Harvard Pilgrim is introducing a new member cost sharing structure for emergency room (ER) visits for our New Hampshire (NH) commercial plan members. Currently, NH members pay the deductible and copayment for any ER visit. While that still applies for emergent conditions, NH plan members treated at an ER for non-emergent conditions are responsible for the deductible and 50% coinsurance after the deductible is met. The new ER cost sharing structure applies when one of the non-emergent diagnoses listed here is billed in the primary position.
