

Requesting an ACEP Residency Visit www.acep.org/residencyvisit

Simply fill out the request form online, with your desired speakers, topics and dates, and we will schedule the visit. Or call our Academic Affairs department at 800-798-1822, ext. 3188 for any assistance.

All ACEP Residency Visits include, free of charge:

- A 2-3hour presentation from an ACEP leader skilled in public speaking
- Details on issues important to faculty, residents and local emergency leaders
- Social media promotion and attendance encouragement from EMRA representatives
- Informal gathering the night before or during the visit

An ACEP Residency Visit could meet one or several of these ACGME milestones:

- Milestone PC6 - Billing requirements for observation
- Milestone PC7 - Utilizing multidisciplinary services including financial, social, PT, etc.
- Milestones PROF1 and 2 - Professional values and personal accountability Milestone ICS2 - Transitions of care, team management
- Milestone PBLI - Performance improvement, EBM Milestone SBP1 - Patient safety

What is the ACEP Residency Visit Program?

The ACEP Residency Visit Program brings a national leader to an emergency medicine residency at no cost to that program. The speaker educates both residents and faculty on leadership, practice management, national and local politics, and principles of advocacy involving our specialty. The leader may also present on clinical topics requested by the residency program. We want to demonstrate the value of ACEP membership and hear feedback on ways to better serve our members. Emergency medicine leaders will play a critical role in defining the future of healthcare reform, payment reform, and patient care. Exposing young physicians to advocacy and the challenges and successes we encounter as a specialty is critical to their education.

Getting physicians involved early in their career is important for career growth, mentorship, and reducing burnout. This visit encourages involvement in the College and facilitates two-way communication between ACEP leaders and residents and faculty. In this way, ACEP gets to hear about concerns of the membership on the ground level while residents and faculty are encouraged and inspired to develop their careers through getting involved with ACEP.

Gillian Schmitz, MD, FACEP
Residency Visit Chair 2016-2018

To round out the visits, leaders are also prepared to give clinical presentations on a variety of topics and clinical controversies (if requested).

Choose the speaker / topic that fits your need

To help you and your faculty prepare residents for the future, ACEP has a program of fully funded visits by its leader.

In addition to the current Board of Directors and Council Officers, several academic leaders participate in the ACEP Residency Visit Program, including:

Jordan G.R. Celeste, MD, FACEP
Kathleen M. Cowling, DO, MS, MBA, FACEP
Jon Mark Hirshon, MD, MPH, PhD, FACEP
Michael J. Gerardi, MD, FAAP, FACEP
Aisha T. Liferidge, MD, MPH, FACEP
Gillian R. Schmitz, MD, FACEP
Kevin Klauer, DO, EJD, FACEP
and many others...

These visits bring ACEP leaders face to face with faculty and residents to discuss topics such as :

ADVOCACY

- Advocacy- What is it all About?
- The State of Health Care Reform and EM
- Medicine and Politics
- Getting Involved in Regional and National Affairs

PRACTICE MANAGEMENT

- Crowding- Causes and Possible Solutions
- EM in a Value-Based World
- Ethics Issues in EM: A Case-Cased Approach
- Forming and Joining a Democratic Group
- Get 'em in, Get 'em out: Improving Patient Flow
- Interpersonal Communication Skills in the ED
- Introduction to Coding and Billing: What They Didn't Teach You in Residency
- Managed Care and the Emergency Physician Numbers Shouldn't Make You Numb:
