

National EMS Week 2024

This year, as we recognize the 50th anniversary of the first National EMS Week, we honor those who came before us, especially those who challenged the status quo and raised the bar for all of us. And at the same time, we look forward, building on their efforts and committing ourselves to forge a future for the next generation of EMS professionals to serve their communities.

Honoring Our Past. Forging Our Future.

Much has changed since 1974, yet there is still much we can learn from those trailblazing professionals who helped EMS evolve into the sophisticated branch of medicine it is today. Their dedication, commitment and sacrifice inspire us to take bold steps of our own, to continue to seek out ways to better serve our patients and our communities.
